“VISIT TO ORPHANAGE “SNEHA TEREDA TANGUDANA”

Report:

Orphans are deprived section of the population downtrodden by the self-centred nature and the misused of liberty taken by the modern society or due to mis happenings in order to provide shelter and suitable upbringing to such deprived children. Many Orphanages open residencies supported either by government or NGO'S or private concerns have come up.

The basic amenities like food, shelter, clothing and education are provided in such institutions. But they lack in supplementation of facilities and support enjoyed by the children staying at their homes. They are also at the difficult end of care and concern. Their psychological wants need to be nurtured. This the responsibility of the society. With this prime intention visits to orphanages are hosted by our institution to enlighten our students about the circumstances and surroundings under which the orphans are surviving and developing.

Our NSS team comprising of NSS programme officer and volunteers visited “Sneha Tered Tangudan” NGO Amaragol, Hubli, on 1st January 2017.

This inmate of the residency ranged from three years to twenty-two years with varied priorities and requirements. Run by an NGO helping hands foundation, Amaragol, Hubli on during the visit, we found that the NGO, works for the empowerment of the underserved. It provides accommodation, food and health facility, vocational training and rehabilitation leading to placement for self-reliance. “The Sneha Tered Tangudan” (specifically meant for girls) housed twenty inmates with all basic amenities, the girls were trained in handicrafts day to day household works, education and etc.

The inmates of Orphanage cheerfully welcomed our volunteers and enjoyed the gifts, sweets and fruits distributed. The children shared their experience, their desire and wants and they very much liked to mingle with the society outside. Later the children very much enjoyed and participated in the cultural activities presented by our students

Camp conducted by Dr Vanishree S.

It was a good experience doing a camp in rural area. people in rural area need more medical camps to create health awareness, because there are many villages where people are not able to get proper medical service at time. so such camps helps the people. I am happy to serve such people and to be a part of camp.
