ABOUT THE SOCIETY

The K.L.E. Society, Belagavi is the premier and largest educational institution in South Asia was established on 13th November, 1916 by seven dedicated selfless teachers regarded as "Saptharishis". The doctrines of the society lay special emphasis on the principles of Truth, Love, Service and Sacrifice.

Under the visionary leadership of Dr. Prabhakar B. Kore since 1983, the society has grown into a multifaceted organization imparting quality and value based education in all disciplines. It has 254 Plus institutions under its fold. The society has a rare distinction of being conferred the first Deemed Health University & first Private Technical University.

ABOUT THE COLLEGE

Our college was established by His Holiness Shri. Mahant Swamiji and named after His Holiness Shri. Mrityunjaya Swamiji of Murughamath, Dharwad in 1973 and later was brought under the fold of the professionally managed K.L.E. Society, Belagavi in 1975.

This exclusive degree college focusses to impart quality education to the students with rural background. The institution is centrally located and has well equipped infrastructure, qualified faculty driven by innovations. We aim at moulding the students through need based coaching and training so as to make them better self-reliant, responsible citizens and also develop multiple skills required for employment.

THEME

Many new initiatives have been announced in India by the Central Government with an aim to give the Indian Economy a global recognition. One of such initiatives is the implementation of GST in India.

Goods and Services Tax (GST) has revolutionized the Indian taxation system. It is the biggest reform in India's indirect tax structure. GST is an indirect tax which was introduced in India on 1st July, 2017 and was applicable throughout India which replaced multiple cascading effects on indirect taxes levied by the Central and State Government. The Ideal of 'One Nation One Tax' is realised now with the implementation of GST.

Creating awareness about the same is always beneficial for the better understanding and successful implementation of this developmental plan. Therefore, there is a need to have deliberations on the various issues relating to GST in India.

The One Day Orientation Programme is organized to bring together students, academicians, corporate experts and research scholars under one roof with a view to throw a bright light on the current issue. Since GST is a destination based tax directly collectable from the consumers, an insight to the subject is very much essential for every consumer and oblic citizen of India
