Programme Name : Certificate Course on Research Methodology

Programme Code : CCRM

Duration : 30 hours

Medium of instruction: English and Kannada

Programme Details:

The aim of this course is to impart research skills to the beginners and help to improve the quality of research. It also encompasses the understanding and application of appropriate research design, statistics, and tools to be applied, the use of the computer for data analyses and report writing. The course also introduces the key conceptual issues of each research method, as well as giving practical guidance. It covers the series of research methodology contents: from problem formulation, designing of the study to data collection, data analysis, report writing. The course has the dual aims of equipping students with conceptual understandings of current academic debates regarding different methods, and the practical skills and to apply those methods into practice.

Learning Objectives:

This certificate course will provide students with:

1. A concrete understanding of the methods of doing research, data collection, data analysis and report writing.
2. To identify the research gaps by reviewing the literatures on the concerned topic and try to fill the research gaps.
3. Identifying the difference between qualitative and quantitative data collection methods.

Target Group: Students pursuing Under Graduation in BA 2nd year can join.
